

## September Newsletter

What a summer we have had here at *life*. We've met an experienced local Christian architect who is keen to work with us to see the building through to completion. Our plans have developed to ensure access is available for everyone and we've identified further funding streams to access once we own the Halls. In addition to all that, money has begun to come in towards the purchase of the Halls.

A huge thanks to those of you who have already given us gifts and set up standing orders towards the purchase of the Halls, we have been overwhelmed with the generosity people have shown. We are though, still a fair distance from our target of £700 each month via standing order.

If you have yet to, please consider financially supporting the project. We hear daily from members of our community how the opening of *life* will improve their lives and having a community space will fill a gap which is so needed in Dronfield and District.
